

# SAINT XAVIER UNIVERSITY

## Success with Purpose

### ***Saint Xavier University and the Chicago Police Department:***

#### ***A Partnership in Education***

For more than 12 years, Saint Xavier University has offered an entire Masters of Business Administration (MBA) program at the Chicago Police Department Education and Training Division specifically for employees of the Chicago Police Department and City of Chicago.

An MBA is a highly marketable degree for both public and private industry. Classes are offered in 10-week terms in the late afternoons, 4:30 p.m. - 7:30 p.m. *and many classes are offered online.* We also offer a 1-month summer session. The MBA program can be completed in less than two to three years, depending on course loads. Specializations include **Management** and **Financial Fraud Examination and Management.**

An undergraduate degree completion program and graduate certificate option is also available at the Chicago Police Department Education and Training Division.

For our students taking classes through the Chicago Police Department program, we offer some special benefits:

- Deferred payment
- Free textbooks (with registration two weeks prior to the start of class)
- Waived registration and student fees
